

## Business Women's Sector About us...

*“Supporting professional women  
to be successful and flourish in  
social, development and  
inspirational environments”*

**The Cambridgeshire Chambers of Commerce established a Business Women's Sector in November 2003. Its mission is to support professional women to be successful and flourish in social, development and inspirational environments.**

“As Chair of the Business Women's Sector it's my role to ensure we meet our purpose of inspiring and encouraging new and established business women to maximise their business success through networking and support opportunities. As a committee, we're dedicated to championing the cause of business women across the region and meet regularly to instigate events and seminars of value to you.”

*Karen Beckwith, Sector Chair*

**Our activities focus on three strands:**

**Development** – personal and professional development is key not just for us but for our teams as we know that the most valuable asset of any company or organisation is its people. Events include professional networking, skill exchange and knowledge workshops

**Inspiration** – giving something back, inspiring the workforce of the future. An example is our flagship International Women's Day event giving young adults the chance to mix with professional women growing their confidence and knowledge of future career opportunities

**Networking** – we also add value where we can in our social events providing a professional environment to listen, learn and network allowing us to share good practice back into the workplace. An example is our summer and Christmas events.

## Diary dates 2018/19

## What is Storm in a Teacup?

An innovative event that brings professional women together to share ideas and experiences in a supportive and welcoming environment.

## Women Leaders Awards Peterborough 2018

In 2017 we saw the first Peterborough Women Leaders Awards take place with Eve Taylor OBE receiving a lifetime achievement award. Eve is a long standing Chamber member and supporter of the Business Women's Sector. The Gala Awards Dinner takes place on Friday 2 November. Places can be booked via:
